

June 2022 D21 DCM Report- Sam P

First of all, I am so grateful for current panel of officers and GSRs in D21. The level of engagement is incredible and personally inspiring to me. People with long experience and those stepping into new roles for the first time demonstrate what commitment to service means. Thank each and every one of you!

D21 Focus Meeting

Met with Troy and Christine to organize thoughts for the balance of 2022. A few highlights

- We will begin implementing hybrid meetings for District Meetings in July. Expect to learn and adapt as we go, so please be patient. Goal is to start simply and improve as we can.
- Focus areas for the district that create opportunities for GSR's to get involved to "move the needle" to expand and improve the goal of assuring the hand of AA is there for everyone that wants it.
 - Reaching out to groups in the district to help incite more engagement and excitement in general service
 - How to engage virtual groups in General Service within our district
 - Creating a D21 Web committee
 - Reaching out to the unhoused community in the district
- Pulling together a finance committee to create a 2-3 year spending plan

Created a plan of action to officially close out the Pre Conference Assembly with Alt Chair
